Issue 10

On Saturday, December 9th, The Niche Clinic issues The New Niche Bond. Each bond carries a guaranteed par value of \$50 with up to 2 coupons of interest each. Not all coupon payments are equal across all New Niche Bonds. (Restrictions on which participants can earn what, and how many, will be shared exactly at 12pm when Re-Opening Ceremonies re-begins.)

Saturday, Dec 9
12pm - 3pm

Counter Culture,
514 South Street

RE-OPENING

CEREMONIES

\$75-\$100 contracts will be re-offered during an epic Niche Coin scavenger hunt across South Philly and South Center City.

Food and dessert provided

Parking stinks and The Niche Clinic cannot reimburse for parking. Free SEPTA passes are available for you and your family before the event, just make sure to request them in advance. Parents are encouraged to observe presentations.

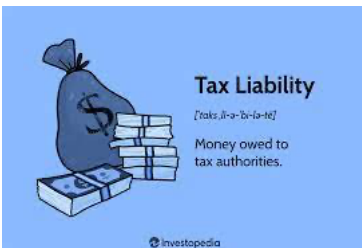

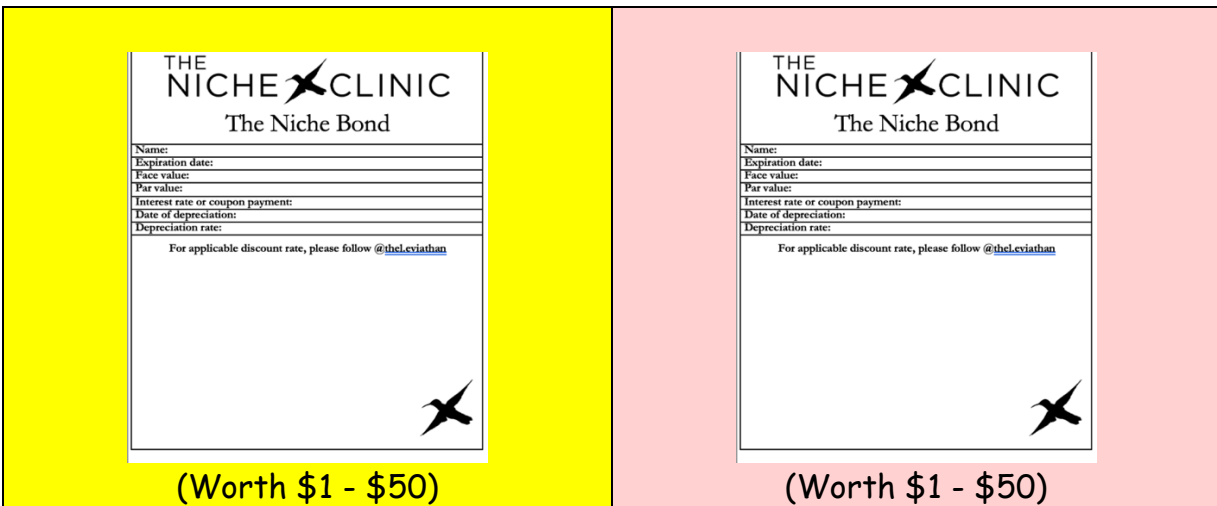

Most Niche Bonds will mature on December 21st, with payment delivered or available by December 23rd at the absolute latest.

Many of these Niche Bonds will pay up to two dividends before December 23rd. The maximum amount of money that any one Niche Bond will provide will be limited to \$75-\$100 depending on what your unique Niche Bond says.

When a dividend is issued, either the adjoining yellow or pink paper is pulled from the bond so that interest is paid. These are called **coupons**. Technically speaking, stocks pay dividends and bonds pay coupons. (In fact, asset classes called Treasury STRIPS exist made entirely by "stripping" and combining the coupons from various bonds.)

Each Niche Bond you possess will reach its maximum unique value as long as you pay your Niche Coin tax liability by December 21st.

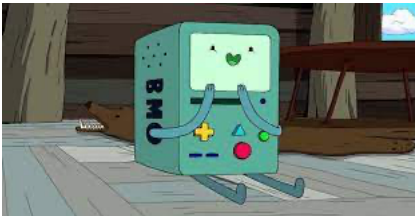

Niche Coins will be available in one of 3 main ways, although not all participants will always get to choose which of these 3 routes will be taken.

Option #1: In-person Laws of Money Internships available at 514 South Street and our affiliated satellite locations.

Option #2: Virtual Laws of Money, which includes the legendary Bishop Rider.

Option #3: The Financial Calculator Video Series, which comes with both virtual and in-person support/classes.

Have a Happy Thanksgiving!
