

Issue 8

This is an insult to our program - these individuals should never have sacrificed our event in pursuit of their attention-seeking behavior.

This is the opposite of having dollar signs for eyes. This is the opposite of what our program stands for. This is the opposite of what we should do if we strive to find our niche.

The Niche Clinic will not share our next steps in regard to these families, but it will be handled extremely seriously.

We can never allow others to distract us or slow us down on our journey toward wealth accumulation.

Each of you has The Niche Clinic to provide a safe, positive and meaningful finance-themed work experience.

Never can this happen again.

We are going to re-do our event. We will make it bigger and better than before.

More information to come next week. Those individuals, who completed all the steps to earn a \$100 contract, will receive their \$25 delivered to their school this week. Please be ready for next Sunday's issue where we will go over the \$100 contract, your jobs, and our second attempt at Opening Ceremonies.

We are a week behind on our yearlong program curriculum and job program because of the actions of others. We may be behind, but this provides us an opportunity to have a better program than ever before to carry us to Closing Ceremonies on May 27, 2024.

Date TBD

Counter Culture,
514 South Street

TAKE #2

**OPENING
CEREMONIES**

Event will likely be on a Saturday
and involve a Niche Coin
scavenger hunt across a large area
of the city .

Food and dessert provided

Parking stinks and The Niche Clinic cannot reimburse
for parking. Free SEPTA passes are available for you
and your family before the event, just make sure to
request them in advance. Parents are encouraged to
observe presentations.
