

THE NICHE CLINIC

Self-Paced Financial Calculator Series Due to Mr. LaSalle by Monday, March 25, 2024

Goal: You will make 3 practice quizzes and 3 answer keys that correspond to your practice quizzes. The practice quizzes must:

- Have 3 questions that ask the quiz-taker to solve simple interest using the formula (the long way)
- Have 3 questions that ask the quiz-taker to solve simple interest using the financial calculator
- Have 3 questions that ask the quiz-taker to solve compound interest using the financial calculator
- Have 3 questions that ask the quiz-taker to solve inflation questions using the financial calculator
- Have 2 questions that ask the quiz-taker to solve a present value of an annuity question using the financial calculator
- Have 2 questions that ask the quiz-taker to solve a future value of an annuity question using the financial calculator
